Q4. Which type of thermometer was used by you to measure the temperature of your family members?

- **Exhibition work**

The United Nations has declared 2025 as the International Year of Glaciers' Preservation. This initiative aims to raise awareness about glaciers, snow and ice, and the impact of their loss on the climate system. Glaciers and mathematics are intertwined through the study of their formation, movement, and the impact they have on the Earth's climate.

To create awareness for the same among the students, the following work is allotted as holidays homework according to their roll numbers:

ROLL NUMBERS	TASK ASSIGNED
1-10	Make a 2D/3D model of snowflake of size 12'x12' using waste material like plastic pipes/ ice cream sticks/ clay/ threads/ quilling etc and explain mathematical concepts like shapes, symmetry, angles etc on a chart paper along with it. https://youtube.com/shorts/ylyCpQxCKG4?si=ef_yU4mwSAaow4wy https://youtube.com/shorts/bOAZNpEFM60?si=nAIZNsirk0VUytaT
