Summer holiday

‘Fun Activity Vault’

Dear Children,

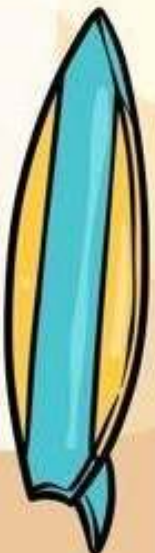

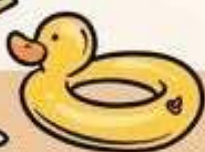

Summer Vacations is about to begin. Holidays are a break from the normal routine: Therefore, we bring you a series of constructive and enjoyable activities. It will surely enhance your personality and your learning process. Remember children, it's your project, don't let elders do your work.

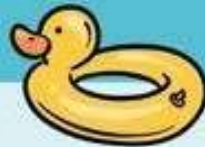

Also in your vacation time, do the following -

- **Nature walk** - Go for morning or evening walk every day and listen to the different sounds in nature. Do warm up exercises, cycling, skating, swimming, running, skipping to enjoy the summer break.
- **Back To Roots-** *'All work and no play makes Jack a dull boy.'* Playing is the most important activity for children of this age group. Encourage children to play simple games like Poshampa, Hook and fly, hopscotch, hide and seek, Tic, tac, toe and other such simple and interesting games. Also let them dance and get drenched whenever it rains. Indulgence in such games would surely help reduce screen time. Links of such types of simple games shall also be shared in respective class groups.
- **Family time-** Vacation is a good time to build strong family bonds. So parents please spare and spend some quality time with your child. Indulge together in some fun filled activities like playing any board game, cooking food together, reading story books, cycling or going for a walk together, for small traditional or cultural outings, enjoy pottery etc.
- **Discipline is the key to success-** It is the right age to instill the value and habit of discipline. So encourage the little ones to develop certain habits in a disciplined way like regular study or reading time, sleeping and waking up on time, being organized- maintaining their study table, keeping utensils in the kitchen after having their meals.
- **'Plant a seed'** – We all love to relish mangoes during summers so after eating the mango instead of throwing away the seed, let the little one plant them in any near by park/garden.
- **'Little Helping Hands'** – To beat the scorching heat on any day during summer vacations organize **'Sheetal Jal Seva'** in which encourage your little one to distribute water kept in an earthen pot to all the passersby like rickshaw pullers, hawkers, security guards etc. Also encourage them to feed water and some food (if possible) to birds, stray dogs and cows, etc.
