Congratulations on achieving excellent grades in your class X and XII Board exams! Exams are not just a test of brilliance but also the perseverance to be brilliant constantly. The key to guarantee success in your life is to give everything your best shot. Keep it up! Sincerity of our school staff and parents was also bound to bear sweet fruits like this result. Best wishes!

Mrs. Sneha Verma  
Manager  
DAV Pushpanjali

## COMMENDING WORDS

Mrs. Rashmi Raj Biswal  
Principal  
DAV Pushpanjali

Bravo! My dear students, you deserve every bit of this excellent result. I hope you keep striving for success!

Competitive exams are not so easy, but you did it with competency and had a brilliant result. The brilliant nurturing of your parents and teachers has started showing its results. Your good results will open new doors of opportunities.

The undying belief of parents of our students inspires us to shape their young minds and transform them into dreamers, achievers and performers. I am thankful to supervisory heads, teachers and school staff who give the right direction to our students and inspire them to give their best.

The future now belongs to you, my dear students! I hope that you'll all come back, visit school campus, and share your new and hard-won wisdom, achievements and experiences with your juniors.

Cheers!

Ms. Ajinder Kaur  
Supervisory Head  
(Class XI-XII)

Congratulations, Class of 2022-23! I wish you continued success and happiness in all you do. I know how hard you have worked throughout and I am so proud of you. Your accomplishments are even more impressive as you carried them out by giving formal Board exam after long gap due to past pandemic situation. Believe in yourselves like I believe in you! I am confident that you will make competent, empathetic, and trusting workers and future citizens of India.

Congratulations to my team of teachers and parents!

Ms. Alka Dhamija  
Supervisory Head  
(Class IX-X)

It has been an honor to see my dear students grow personally and intellectually. Thank you for giving me an opportunity to be a part of your journey. I cannot wait to see all your accomplishments in the next chapter of your life as the senior most students of DAV Pushpanjali.

This great result is a mix of great efforts from the dynamic team of parents and teachers who were ready to guide you at every step. With faith that you will stay consistent in your future, I wish you the best of luck!

## STUDENTS PONDER

I want to share some words of motivation and encouragement with each and every one of you. First and foremost, I want you to remember that success is not limited to a select few. Each one of us has the potential to achieve greatness. It is within us to unleash our hidden talents, to push our limits, and to soar to new heights. Believe in yourself and your abilities. You are capable of achieving greatness. Cultivate a positive mindset and surround yourself with positivity. Lastly, never forget the value of hard work, discipline, and perseverance. Success rarely comes overnight or without effort. It requires consistent dedication, sacrifices, and a willingness to put in the hours when others may choose to relax. Stay committed to your goals, even when the journey becomes challenging. All the best!

**VANSHIKA**  
97.2%

It is a humbling experience and I am extremely grateful to my teachers, family and friends. It was because of their collective efforts that I was able to achieve this success. To all my fellow classmates, I want to congratulate you all for your result, as it is a testament to the power of hard work, perseverance, and determination. I firmly believe that if you set your mind to something and work towards it with passion and dedication, there is nothing that you cannot achieve. I want to encourage all my juniors to set high goals for themselves, work hard, and never give up on their dream. Best wishes!

**RIYANSHI GARG**  
95.8%

I want to express my gratitude to all those who have played a role in my journey. Today, I want to inspire you all to believe in yourselves and your abilities. Don't limit yourselves to the expectations of others or the barriers that society may impose. Dare to dream big and have the courage to pursue those dreams relentlessly. Never underestimate the power of hard work and consistent effort. Success is not about luck; it is about putting in the hours, going the extra mile, and staying committed to your goals, even when the going gets tough. Always keep striving for excellence, one step at a time. All the best!

**SHRESHTH GARG**  
95.4%

I want to express my gratitude to everyone who has supported me on this journey. Each one of us has unique strengths and talents waiting to be discovered. As a student engaged in vocational subjects, I have come to appreciate the unique benefits and opportunities that they offer. These subjects provide a practical and hands-on approach to learning, preparing students for specific careers and equipping us with valuable skills that can be directly applied in the professional world. In conclusion, I want to motivate my juniors by telling how vocational subjects had not only helped me in gaining important skills, but also scaffolded me in becoming a well-rounded person.

## WORTHY WORDS FROM TEACHERS

Student getting perfect hundred in economics is the result of indepth interest, practice and persistent hardwork. Economics may sound like a daunting subject, but in reality, it is one of the most empowering subjects. It is a subject that offers practical relevance, gradual learning progression, problem-solving skills, interdisciplinary connections, and diverse career opportunities. Students should approach economics with curiosity and an open mind. By embracing economics with a positive mindset, students can unlock valuable knowledge and skills that will serve them well in their academic and professional journeys.

**Ms. Mamta Chauhan**  
( Economics Teacher)

One of the important fact is that Mathematics is integral to various disciplines. So, instead of being afraid, students should develop the habit of accepting challenges hidden in the questions of Mathematics. Mathematics is not as complex as it sounds. It is only a matter of practice and concentration. The key to success is regular practice and diligence. Identify your weak areas and devote additional time to strengthen those topics or concepts. Practice sample papers to increase your efficiency and manage time . Stay focused and believe in yourself.

**Ms. Bharti**  
( Mathematics Teacher)

## WORTHY WORDS FROM PARENTS

The moment your child steps into Class 12, a feeling of anxiety creeps into you. To see your child, score the best and perform well in his/her exams is the dream of every parent. We too experienced the same. The entire journey of XII Class was like a roller coaster ride with all the challenges- Pressure of studies, co-curricular, coaching etc. Maintaining a balance was a tough task. As a parent, it is our utmost duty to provide our child a stress-free environment to study and maintain patience at times when the scores of school tests were not as per the expectation. Today's tech- savvy world offers multiple distractions. To keep your child safe is the biggest challenge. Be a friend to your child. Having confidence in your child is the most important. Always be positive and keep him/her motivated that 'You can do it'. These magical words really work along with prayers and blessings. A regular parent teacher interaction is a must to keep track of your child's progress. A Big Thank You to Principal ma'am and the entire staff of DAV Pushpanjali for their constant support and motivation.

**Ashish and Shweta Bhatia**  
(Parents of Aditya Bhatia)

Having meaningful conversations with your child about studies and daily life is essential. Share your experiences and the strategies you adopted at your time. As a parent, you must stay positive and spread positivity. Celebrate every small and big achievement of your child. Tell them everyday that you love them and are always there to support them. Help them follow a healthy life style. And most importantly, "Be there for your child." This is the magic wand.
