

DAV PUSHPANJALI

INVITES YOU TO

2026

SPECTRUM

*Embrace the challenge,
cherish the experience.*

Message From Principal

**Dear Sir/Madam
Greetings of the day!**

Education at DAV Pushpanjali is a powerful force that shapes not only academic success but also character, awareness, and a global perspective needed to confidently navigate the future.

Driven by this vision, SPECTRUM' 2026 draws inspiration from vital global observances—the International Year of Rangelands and Pastoralists, Volunteers for Sustainable Development, and the Woman Farmer. These core themes of sustainability, service, resilience, and empowerment are meticulously woven into our initiative to sensitize young minds to real-world challenges, preparing them to think critically and act compassionately as responsible global citizens.

To cultivate these values, this edition features an array of dynamic online and offline competitions tailored for students across all developmental stages, from Class I to XII. Participants will engage in tech-driven and creative challenges online, such as designing AgriTech Mobile Apps, Info-graphics, Digital Stamps, and self-expressive posters. Meanwhile, our offline events on campus will bring vibrant energy through classical solo dance performances, rhythmic yoga, sustainable bento-box cooking, and eco-friendly pot decoration.

The Principal

Subject: An Invitation to Participate in SPECTRUM* 2026

Dear Madam/Sir,
Greetings of the day!

Education is a powerful force that shapes not only academic success but also character, awareness, and a sense of responsibility. True learning goes beyond textbooks and classrooms; it grows through exposure, interaction, and meaningful experiences. In today's interconnected world, students must be equipped with knowledge, skills, and a global perspective to confidently navigate the future.

Recognising this, DAV Pushpanjali remains committed to nurturing well-rounded individuals by creating opportunities that extend learning beyond conventional boundaries. Through thoughtfully curated platforms and events, the school encourages students to explore, collaborate, and express themselves in diverse and creative ways.

SPECTRUM*2026 draws its inspiration from significant global observances—the International Year of Rangelands and Pastoralists, the International Year of Volunteers for Sustainable Development, and the International Year of the Woman Farmer. These themes reflect values of sustainability, service, resilience, and empowerment, aiming to sensitise students to real-world challenges while inspiring them to contribute meaningfully to society.

Such initiatives not only enhance knowledge but also instill empathy, leadership, and a spirit of active participation. They prepare learners to become responsible global citizens who can think critically and act compassionately.

With this vision in mind, we warmly invite all participants to be a part of SPECTRUM 2026. Let us come together to celebrate learning, share ideas, and create an environment that inspires growth, innovation, and purposeful action.
