

DAV PUSHPANJALI

Invites you to

SPECTRUM 2025!!

Inspiring Minds Through Education and Innovation

MESSAGE FROM PRINCIPAL

Dear Madam/Sir

Greetings of the day!

The role of education in a student's development and progress is instrumental. Education happens in and beyond the four walls of the classroom. With the world becoming a big global village, the sources and scope of learning are far and wide. It is then utmost essential for the learners to be adept with the latest to excel in life. The school has an undeniable role in providing the necessary exposure to the learners to bloom to their fullest potential. DAU Pushpanjali takes keen interest in holistic and overall development of learners. In tandem with this, each year we host an array of events to give the learners the opportunity to participate and engage with others in the field. The impact of this exercise is far reaching and advantageous. This year's influential themes for SPECTRUM'2025 derive synergy from the global affairs of progressing Quantum Science and Technology, the need and impact of Glaciers' Preservation, and the role of Cooperatives in sustainable and inclusive growth. With beneficent interests of the learners in our heart and mind, we extend a cordial welcome to one and all to engage and participate in this assortment of events that will build a meaningful learning ecosystem.

Warm Regards

Mrs. RASHMI RAJ BISWAL

PRINCIPAL, DAUPE

“Education is not the learning of facts, but it is the training of the mind to think.”

Join us in this global learning ecosystem designed to inspire creativity, critical thinking, and collaboration among learners across various disciplines and age groups.

D.A.V. PUBLIC SCHOOL

The Principal

Subject: An Invitation to Participate in SPECTRUM'2025

Dear Madam/Sir

Greetings of the day!

2025
International
Year of Glaciers'
Preservation

The role of education in a student's development and progress is instrumental. Education happens in and beyond the four walls of the classroom. With the world becoming a big global village, the sources and scope of learning are far and wide. It is then utmost essential for the learners to be adept with the latest to excel in life. The school has an undeniable role in providing the necessary exposure to the learners to bloom to their fullest potential. DAV Pushpanjali takes keen interest in holistic and overall development of learners. In tandem with this, each year we host an array of events to give the learners the opportunity to participate and engage with others in the field. The impact of this exercise is far reaching and advantageous. This year's influential themes for SPECTRUM'2025 derive synergy from the global affairs of progressing Quantum Science and Technology, the need and impact of Glaciers' Preservation, and the role of Cooperatives in sustainable and inclusive growth.

With beneficent interests of the learners in our heart and mind, we extend a cordial welcome to one and all to engage and participate in this assortment of events that will build a meaningful learning ecosystem.

PEACE Tech

Instructions

- In today's world, peace, justice, and strong institutions are essential for building safe, fair, and inclusive societies. **SDG Goal 16** encourages young minds to think critically about how we can reduce violence, ensure access to justice, and make our systems more transparent and accountable. Through this competition, students will use **MIT App Inventor** to design mobile applications that will promote a positive change. Whether it is about reporting issues anonymously, spreading awareness, or supporting fairness in their communities, these apps will show how technology can be a powerful tool for social good. By blending creativity, coding, and compassion, students will take their first step toward becoming innovators for peace and justice.
- **Use MIT App Inventor to develop your mobile app** that addresses **SDG Goal 16** – promoting peace, justice, and strong institutions.
- Prepare a video of **not more than 3 minutes** that includes:
 - Problem statement ; App demonstration ;Explanation of how it solves SDG 16 issue the code blocks used in the app.
- Upload the video to **YouTube (unlisted)** or **Google Drive (anyone with the link can view)**.
- **Judging Criteria:** Submission will be evaluated on the basis of innovation, creativity, technical execution, social impact.
- Submit your entry using the link - <https://forms.gle/ZJEc7YjnkTkoR8pDA>
